# FROM AVAGLIO TO PISTOIA

Easy mainly downhill cycle-touristic itinerary that connects Valdinievole to Pistoia, passing through peaceful hamlets immersed in the green hills. It starts from Avaglio, place reachable by car from Pistoia first taking the SS17 and then from Femminamorta the SS633 Mammianese) or from Pieve a Nievole through the SS633. From Pescia (PT), with Lazzi bus line P858, it is possible to reach the Goraiolo.

**Notes:** recommended deviation on asphalt for a visit to the ex convent of Giaccherino (at km 20,100 turn right uphill on asphalted road). Very shady itinerary and recommended during summer.
