## S. MARCELLO P.SE RING-SHAPED ITINERARY

Medium level ring-shaped itinerary, starting and arriving in San Marcello. The place is reachable from Pistoia both by car (taking the SS66), and bus taking the line 54 of Copit. It is an area where traditional activities are still carried out, such as sheep farming and production of apiculture products. The itinerary is very scenic.

**Notes:** Since there are bike assistance points we recommend bring the necessary equipment to mend punctures or for other possible mechanical problems.

**Main places passed:** San Marcello, Spignana, Lancisa, Lizzano Pistoiese and La Lima

**Points of interest:** Lancisa and Spignana hamlets, the murals of Lizzano P.se, and suspension bridge on the Lima

**Water supply:** easy thanks to the springs along the itinerary

**Mechanical assistance points along the itinerary:** none

**Recommended period:** from May to October

**Type of street surface:** 100% asphalted

**Type of bike:** with bicycle gear

**Level of difficulty:** medium due to the altitude range, which requires a minimum training

**Length:** 17 km

**Altitude range:** 325 m.

**Travelling time:** 3 h.
